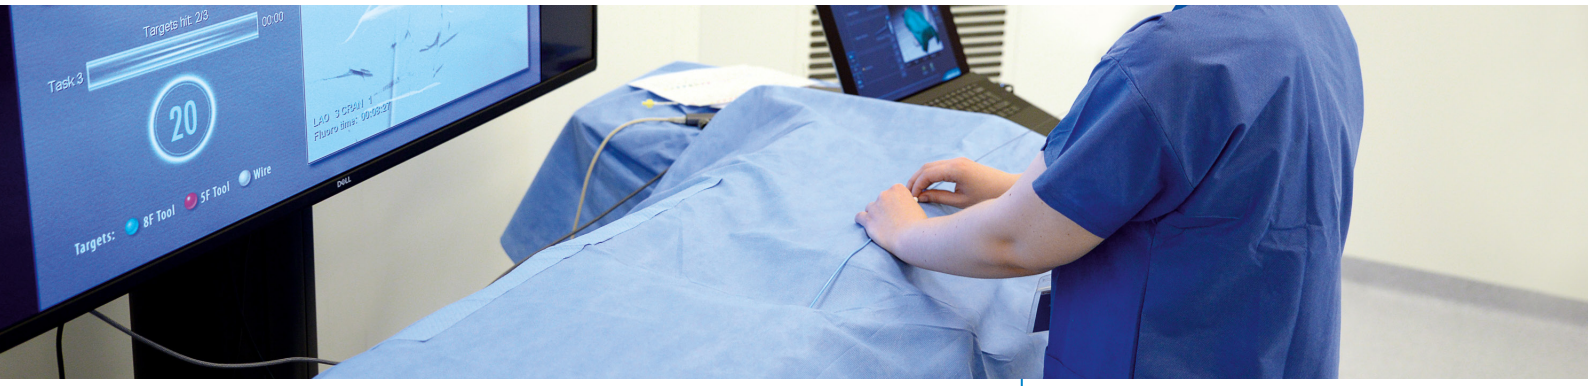
ADVANCED ENDOVASCULAR TECHNIQUES

17 — 19
DECEMBER
2025

ENDOVASCULAR SURGERY RESIDENTS

INTENSIVE HANDS-ON AND SIMULATED PRACTICE



TRAINING OBJECTIVES

1. Understand the role of simulation in vascular surgery
2. Plan surgical interventions using sizing techniques
3. Safely handle medical devices
4. Simulate vascular and endovascular procedures
5. Improve teamwork and communication in surgical teams

TEACHING & TECHNICAL RESSOURCES

- E-learning platform
- Endovascular simulators (basic and advanced levels) with specific patient case
- Surgical tools
- Video materials for feedback and tips

TEACHING METHODS

- Preparatory e-learning modules
- Clinical case-based masterclass
- Hands-on simulation training
- Video-based debriefings & interactive feedback sessions

ASSESSMENT METHODS

- Initial, intermediate, and final practical assessments
- Final report with metrics and tracking interpretations

PREREQUISITES

Basic knowledge of endovascular surgery techniques and prior exposure to vascular surgery procedures is recommended.

Vascular residents from 1st year aiming to improve their endovascular skills.

ORGANISATION & ACCESS ARRANGMENTS

- Access upon registration confirmation
- Limited to 6 participants per session
- **Accessibility for people with disabilities:** this training is accessible to people with disabilities. Please contact us in advance to discuss your specific needs and ensure appropriate accommodations are provided

REGISTRATIONS

Accommodation and transportation costs are the responsibility of the participant.

To register, please visit the following page:

THE MEDICAL DEVICE HUB
GEPROMED
FOR PATIENT SAFETY

WEDNESDAY 17.12

13:00 – 13:30 **Welcome**
Gepromed

13:30 – 14:00 **Opening lectures**

14:00 – 16:00 **Masterclass with clinical cases**
Sponsored by an industrial in endovascular surgery

16:00 – 18:00 **Initial assessment**
- Basic skills in endovascular surgery
- Sizing of a clinical case
- Total EVAR procedure on the sized case

18:00 – 18:30 **Debriefing**

THURSDAY 18.12

08:00 – 08:15 **Welcome**
Gepromed

08:15 – 08:30 **Briefing**

08:30 – 12:00 **Supervising training**
- Basic skills in endovascular surgery
- Sizing
- Total EVAR procedure on the sized cases

12:00 – 13:30 **Lunch**

13:30 – 17:30 **Supervising training**
- SFA procedure
- EVAR procedure on clinical cases

17:30 – 18:00 **Debriefing**

19:00 **Dinner: Restaurant Le Tigre**
5 rue du Faubourg National, 67000 Strasbourg

FRIDAY 19.12

07:45 – 08:00 **Welcome**
Gepromed

08:00 – 08:15 **Briefing**

08:15 – 10:15 **Supervising training**
- SFA procedure
- EVAR procedure on clinical cases

10:15 – 12:15 **Final assessment**
- Basic skills in endovascular surgery
- Sizing
- Total EVAR procedure on the sized cases

12:15 – 13:00 **Feedback, debriefing and conclusion**
Thank you for participating!

YOU NEED MORE TO BE CONVINCED? HERE ARE OUR ADDS-ON!

- Performance-Driven Program
- Realistic patient cases and advanced endovascular simulators
- Satellite-based follow-up of user progression over time
- Detailed metrics: device handling, precision, procedural efficiency, radiation awareness
- Personalized report delivered at the end of the course

OUR EDUCATIONAL TEAM

A team of experienced vascular surgeons and a dedicated team:

Pr. Nabil CHAKFÉ
Dr. Vincenzo VENTO

Mrs. Cassandre AYMARD
Mrs. Ilona BELLANOVA
Mrs. Annik BORCOS
Mrs. Louanne BOURDON
Mrs. Wissal LACHEGUR
Dr. Nicole NEUMANN
Mr. Dominique STEIMER
